Saurav Rai

Test Analyst – EdgeVerve

Email: sauravrai.rai@gmail.com   **Mobile:** +91-9038049064

Brief Profile

Lead QA Analyst with a product based company with a total of 5.3 years of experience.

I have experience in all major aspects of test execution and management such as requirement gathering, requirements analysis, creating test plans, test execution, creating automation test cases and client communication. I also have extensive domain knowledge in Mortgage Banking (Loan Origination and Servicing).

Seeking opportunities to work in a challenging environment where I could expand my domain and technical knowledge.

Technical Skills

- Selenium with Java
- TestNG
- Rest Assured API
- SQL
- JIRA
- HP ALM
- Core Java
- Jenkins
- Python
